

The Heat is On 2023 RMACAC Bus Tour

Early Bird
Registration
Ends

APRIL 14

The RMACAC on the Road Bus Tour is a professional development opportunity for high school counselors, independent consultants working with high school students, and graduate students earning a degree in high school counseling to learn more about a few of the outstanding colleges and universities throughout our five-state region.

This year we will be touring the great state of Arizona. Join us as we explore four college/university campuses over four days. You will learn about each institution's unique programs as we meet faculty, staff, and students. Participants should expect very warm weather, full days, and walking tours on each campus.
