

# Wild West 2024 RMACAC Bus Tour

Early Bird  
Registration  
Ends

**MAY 3**

The RMACAC on the Road Bus Tour is a professional development opportunity for high school counselors, independent consultants working with high school students, and graduate students earning a degree in high school counseling to learn more about a few of the outstanding colleges and universities throughout our five-state region.

This year we will be touring the five institutions in two states. Join us as we explore five college/university campuses over four days. You will learn about each institution's unique programs as we meet faculty, staff, and students. Participants should expect warm weather, full days, and walking tours on each campus.
